Overview: The Girls 12U Development camp is made up of players who were born in 2009 & 2010. The camp will focus on a full spectrum of on-ice and off-ice training, nutritional class, goal setting, and information about WAHA opportunities and player pathways as they progress in their upcoming seasons. Girls will be divided into 8 teams of 15 skaters & 2 goalies maximum.

The purpose of the camp is to provide a developmental experience for the players while giving them a chance to compete and build friendships with other female players from across the State.

The following information will help answer questions about the camp.

Goaltenders: There will be a maximum of 16 goalies for this camp, two goalies assigned to each team. There will be specialized training for the goalies, including goalie only ice sessions. This will be in addition to the daily ice sessions. A dedicated Goaltending will be at the camp.

On Ice Overview: Each team will receive 4 ice sessions. Most sessions/practices will be small group teaching utilizing small areas of the ice. This allows for more individual instruction with higher repetitions and greater intensity. During one of the sessions, we will break the players down by position (forwards, defense and goalies). This allows for each player to work on position specific drills. Goalies will have goalie specific ice time in addition to the team skills ice time.

Daily Schedule: Since this is a weekend intensive camp, the schedule will change daily. Friday check in will be between 1:00pm and 3:00pm at UW Eau Claire. After players are checked in, parents are asked to transport their players & equipment to the arena and deliver it to their assigned locker rooms to meet their counselor. Players will be transported from the arena Friday evening by bus. Saturday will have a Wake up time of 7:00am, Breakfast at the University and Bus to the rink by 8:00am. Players will remain at the rink (lunch will be provided) until approximately 6pm, when they will be bused back to the University for dinner and recreation.
